

TEST and new features

Introduction

This looks a formulary. However this is not the final result. It is a test using tkinter

New planning features

- Unlimited page-body (not need selected the amount of paragraph)
- Bold, underline and italic tools text
- 4 colors (black, red, green and blue) tool text
- Convert to word file (option)
- Top, list of tools (including the add image option)

Future idea

- Apply in to html and own design
- Apply new margin to the PDF/word
- Save option on any folder from your computer
- add more feactures like make list (simple dots)
